Faculty Colloquium:

Dr. Steven Davies, 'The Representatiin of Women in Canadian Advertising', Weds., 14 November, 4 PM, H-205. All are welcome to attend.

Priorities Committee Report Completed and Approved:

At its meeting of 12 October, 1990, the Department approved without any dissenting vote the 'Report and Recommendations of the Departmental Priorities Committee' pertaining to the hiring of new and replacement faculty over the next several years. The Report has been forwarded to the Dean of Arts and Sciences for his consideration.

The Priorities Committee received its mandate at the last Department Meeting of the 1989-90 academic year, in April, 1990. Its members, Professor Carr (Chair), Bode, Schade, Shlosser, Rudin and Tittler; Graduate Student Representatives Lowther and Schade, were appointed at the beginning of the summer and met eight times between July and October.

The Report consisted of two parts: an examination of the Department's faculty staffing profile, past, present and future, and a consideration of which fields should be selected for hiring in the years ahead.

The first part of the report concluded that History has had the fastest growing enrolment in the Faculty of Arts and Sciences over the past five years. At the same time its teaching staff, having fallen in numbers by roughly a third since the merger of the two founding departments, had grown only very slightly during that five year period. It is today substantially smaller than it had been in 1977. In addition, the Report pointed to the steady and significant loss of colleagues to the university administration for periods of three to five years at a time, and to retirements anticipated in the years immediately ahead.

These observations supported a request for the addition of six full-time and two sessional positions to be phased in over the next four years. The Report recommended the selection of the following full-time positions (in no order of priority): Modern French History, North American Native History; Modern Canadian Women's History with a special interest in Quebec; Modern Latin American and/or Caribbean History; Late Medieval History; and Modern East European History. The sessional fields have been defined as Modern U.S. Woman's History and Working Class History. The Committee felt that these fields best served the purposes of the Department in filling present or anticipated gaps, and in supporting the Department's curricular priorities.

Neither the Report nor the Department made recommendations on the sequence in which specific positions would be added. Watch this space!!

Graduate Language Exams:

All MA and PhD students must demonstrate competence in a second language. This semester's language examinations will be offered on November 6, 7, and 8 between 9:30 and 4:30, with the last exam to begin at 2:30 on each day. Contact Linda MacDonald (848-2435) for an appointment or information.

C.H.S. Guide to History Programmes in Canada:

Elaine Davies reports that the Canadian Historical Ass'n. has just put out a Guide to History Programmes in Canada. This is available for the grand sum of \$6. To get yours before the GST, see Elaine or leave a note for her in the Downtown History Office.
